AMIC EWC Research Workshop on the Computer and  
Information Development in Asean, Singapore, Mar 27-30, 1984  
- Singapore : Asian Mass Communication Research &  
Information Centre, 1984.  
lv (various pagings)

The seminar called for collaborative research activities  
and more intensive exchange of knowledge and information  
among Asean researchers and practitioners concerned with  
computerization and information development. The  
presentation of country reports highlighted many  
similarities and differences among ASEAN countries in  
their experience, activities and policies related to the  
use of computers.

## CONTENTS

1. Programme List Of Participants. 6p
2. Keynote Paper. By Syed A Rahim. 7p
